

FERMAX

Marine

PREPARED TO FACE ANY ADVERSITY. **EXTREME ROBUSTNESS**

Today, the strength of stainless steel has a new purpose: to help **FERMAX Video and Audio Entry Panels** face the most extreme challenges.

Marine BEAT THE CHALLENGE

Marine is the 2,5mm thick stainless steel audio and video entry panel from Fermax. Its one-piece concept and customized manufacture offer a wide range of solutions. **IP54 IK09**.

Marine is **vandal-proof** and meets the challenge in the most extreme weather conditions, resisting corrosive and damp environments and remaining unchanged over time. Manufactured with expanded rubber seal that prevents water seepage and dust particles.

MOST COMPLETE RANGE

Marine panels are available in both audio and video, with pushbuttons or digital keypad.

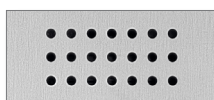

Marine comes supplied with flush box.

SOBER AND ESSENTIAL DESIGN. **MAXIMUM PERFORMANCE**

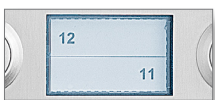

- **COLOUR CAMERA as standard.** Includes: illumination for night vision in poor lighting conditions. PAN & TILT system to adjust camera lens (+/-10°).

- **AMPLIFIER** manufactured in SMD and subjected to tropicalization process for weather resistance. Voice synthesizer configurable in 32 languages. Loudspeaker ensures high performance level and sound quality.

- **VANDAL-PROOF SAFETY BOLTS** that can only be removed with a special key supplied.

- **CARDHOLDER** with pushbuttons made in 6mm thick polycarbonate.

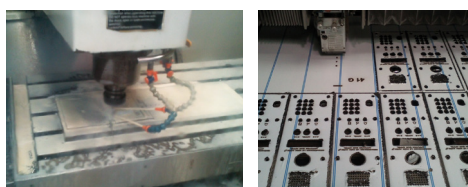

- **VANDAL-PROOF PUSHBUTTONS** also manufactured in stainless steel and with anti-blocking system. Resistant to any impact.

- **METALLIC KEYPAD** manufactured in zamak. With permanent backlight.

BESPOKE MANUFACTURING. **A QUINTESSENTIALLY FERMAX PRODUCT**

FERMAX provides the first personalized panel. **The perfect blend of craftsmanship and technology.** FERMAX has a stainless steel panel laser cutting machine line, allowing full flexibility to manufacture any Marine panel.
